COOKIES POLICY

The Randon Companies may use cookies and other technologies to collect information about their activity, browser used and device.

What are cookies?

Cookies are small files that are stored on your hard drive and that serve to improve the performance of the website and the application (app), measure the audience, enable you to have a faster, more practical and individualized viewing experience, prepare data and statistical reports on the activities of the Randon Companies' platforms. We also use this type of file to recognize you as a previous visitor to our website or application (app) and to automatically fill out forms on the site.

How do cookies operation?

When you visit a website or use a mobile application (app), a computer asks your computer or mobile device for permission to save this file to your computer or mobile device and gain access to information. Information collected through cookies and similar technologies may include the date and time of the visit and how you use a particular website or mobile application. Therefore, when assigning a cookie to your computer, we can create a database of your old choices and preferences and, when there are situations where these choices or preferences needed again, such as a registration or form, they can provided automatically, saving your time and effort. Example: when accessing an area of the site where you always need to enter some personal data as your name, when accessing that same area again, this data will have recorded and will only need to confirm.

Why do we use cookies?

Cookies ensure that we can see how our website, platform is used and how we can improve it. Furthermore, depending on your preferences, our own cookies can used to serve you targeted ads that match your personal interests.

What kind of cookies do we use?

The cookies used by the Randon Companies are of the following types:

Necessary Cookies

These cookies are necessary for the platform to work correctly, allow access and navigation. These cookies are essential for accessing the platform and using its resources.

Performance Cookies

These cookies used to collect statistical information about the use of our website, platform, also called analytical cookies. We use this data to optimize the performance of our platforms. The information that can collected is aggregated and analyzed anonymously.

Functional Cookies

These cookies allow more functionality for visitors to our platforms. These cookies can set by our external service providers or by our own platform.

Advertising / tracking cookies

These cookies set by external advertising partners and used to create profiles and track data on various websites. If you accept these cookies, we may show our ads on other websites based on your user profile and preferences. These cookies also store data about how many visitors saw or clicked on our ads, in order to optimize advertising campaigns.

Please note that most browsers accept cookies by default, but on our platforms, you can save your cookie settings according to your permission to use your data. Alternatively, if you prefer, you can remove or reject cookies through your browser or device settings. Here is how to disable cookies on main browsers:

- Internet Explorer (external link)
- Mozilla Firefox (external link)
- Google Chrome (external link)
- Safari (external link)
- Safari iOS (external link)

IMPORTANT: If you disable cookies, you may not able to take full advantage of the resources of the Randon Companies' platforms.
